Richard and Desean, here are a few thoughts about lessons learned. **Ex. 5 Deliberative Process (DP)** while the Angelita C settlement was underway I was in the Communities and Ecosystems Division, the same division that housed our pesticides program. Enrique Manzanilla, as Director of that Division then, was our SESer on that issue. Pam Cooper (now retired) was the pesticides section chief and Patti Tenbrook (now supervisor and then program toxicologist) playing the kind of role that Ken I. plays.

Richard, I tried to integrate your earlier response to Amy, given Amy's direction that we "keep it crisp". Don't think it's there yet.
